Read the passage carefully and then choose the best answer.

There are many children around the world who are less fortunate than us. Most of them come from poor families who, even though with a roof over their heads, cannot afford to provide them with food, clothes, and education. Often, natural disasters such as earthquakes and floods strike their homes, making life even more difficult for them.

To help these children and to show them we care, we are requesting pupils to donate items which they no longer need and are still in good condition. Instead of throwing these items away, pupils can use them to help others in need.

The Asian Charity Association will collect the items and deliver them to the needy families in Cambodia, Vietnam, and Philippines on 16 July.

What Items Can You Donate?

- Toys
- Watches
